

HANSLOPE PARISH RESIDENTS SURVEY 2016

**RESULTS OF A CONSULTATION TO PROVIDE INFORMATION FROM A SURVEY CARRIED OUT
JULY/AUGUST 2016 TO ENABLE HANSLOPE PARISH COUNCIL TO UPDATE THE PARISH PLAN AND
DEVELOP A NEIGHBOURHOOD DEVELOPMENT PLAN FOR THE PARISH OF HANSLOPE**

Methodology for analysis

The analysis below made up of **Parts 1, 2 & 3 (excluding 3.7 & 3.8 which is on a separate document)**. There were **417** questionnaires completed and each section indicates the number answered by residents, this includes questions fully and partly answered. The data is presented in two formats **a) discussion b) tabular format**. **In section 2 (specifically 2.1 & 2.5) where residents have indicated 'need improving' these have not been addressed where numbers are fewer than 20%, only over 20% of the total number answered**, a separate box outlines a summary of the overall comments, a selection of comments from residents (these are comments which have been repeated consistently) & number of residents who commented.

Of **417** questionnaires the analysis below is based on the numbers of participants who have answered each question, this includes questions fully & part answered:

Part 1. Household/Demographic Information

1.1 Household Numbers, Age and Activity

1.1a) Attend a pre-school or nursery

The number of people between 0-4 in the household who **attend a preschool or nursery** in the village are **32** & **11** outside the village. The number of people between 0-4 in the household **used to attend a preschool or nursery** in the village are **41** & **20** outside the village.

|-----|--|--|
| 388 | 12 | 4 |

(415 answered)

2.3 b) Household members **registered at the Hanslope GP Surgery**, the **normal mode of travel** would be **317 (64%)** Walk/cycle, **138 (36%)** By car **0 (0%)** By Taxi **2 (0%)** By Public Transport **1(0%)** By Scooter (this was added by participant)

| | |
|---------------------|-----|
| Walk/cycle | 317 |
| By car | 138 |
| By taxi | |
| By public transport | 2 |
| By scooter | 1 |

2.4 PUBLIC TRANSPORT

(295 answered)

2.4 a) Households currently **who use public transport** for any of the following reasons:

Travelling to school: 21 (7%) regularly; 0 (0%) infrequently; 2 (1%) Yes, but very infrequently; 272 (92%) do not use

(307 answered)

Commuting to work: 14 (4%) regularly; 3 (1%) infrequently; 15 (5%) Yes, but very infrequently; 275 (90%) do not use

(347 answered)

Leisure use e.g. visit to cinema or social activity: 16 (5%) regularly; 25 (7%) infrequently; 60 (17%) Yes, but very infrequently; 246 (71%) do not use

(349 answered)

Shopping (food): 25 (7%) regularly; 29 (8%) infrequently; 23 (7%) Yes, but very infrequently; 272 (78%) do not use

(371 answered)

Shopping (other): 25 (7%) regularly; 38 (10%) infrequently; 60 (16%) Yes, but very infrequently; 248 (67%) do not use

(336 answered)

Visit out of village medical centres e.g. hospital, dentist: 10 (3%) regularly; 12 (3%) infrequently; 33 (10%) Yes, but very infrequently; 281(84%) do not use

(354 answered)

Travel to train/coach stations, airport: 14 (4%) regularly; 18 (5%) infrequently; 79 (22%) Yes, but very infrequently; 243(69%) do not use

| | Yes – regularly i.e. 3 or more than trips per week | Yes – but infrequently i.e. 1 or 2 trips per week | Yes – but very infrequently | Do not use |
|---|---|---|-----------------------------------|------------|
| Travelling to school | 21 | | 2 | 272 |
| Commuting to work | 14 | 3 | 15 | 275 |
| Leisure use e.g. visit to cinema or social activity | 16 | 25 | 60 | 246 |
| Shopping (food) | 25 | 29 | 23 | 272 |
| Shopping (other) | 25 | 38 | 60 | 248 |
| Visit out of village medical centres e.g. hospital, dentist | 10 | 12 | 33 | 281 |
| Travel to train/coach stations, airport | 14 | 18 | 79 | 243 |

2.4 b) Where members of your household do not use public transport, or only infrequently, which of the following would make them more inclined to use it:

(325 answered)

More frequent services 193 (59%) responded **would/might** make me use it more frequently & 132 (41%) **would not** make me use it

(234 answered)

Cleaner Vehicles 59 (25%) **would/might** make me use it more frequently & 175 (75%) **would not** make me use it

(249 answered)

Earlier services 83 (33%) **would/might** make me use it more frequently & 166 (67%) **would not** make me use it

(300 answered)

Later services 148 (49%) **would/might** make me use it more frequently & 152 (51%) **would not** make me use it

(261 answered)

Cheaper Fares 104 (40%) **would/might** make me use it more frequently & 157 (60%) **would not** make me use it

(338 answered)

Direct routes to Stony Stratford 207 (61%) **would/might** make me use it more frequently & 131 (39%) **would not** make me use it

(328 answered)

Direct routes to Newport Pagnell 174 (53%) **would/might** make me use it more frequently & 154 (47%) **would not** make me use it

| | Would make me use it more frequently | Might make me use it more frequently | Would not make me use it |
|----------------------------------|--------------------------------------|--------------------------------------|--------------------------|
| More frequent services | 93 | 100 | 132 |
| Cleaner vehicles | 15 | 44 | 175 |
| Earlier services | 37 | 46 | 166 |
| Later services | 87 | 61 | 152 |
| Cheaper fares | 49 | 55 | 157 |
| Better personal safety | 24 | 38 | 173 |
| Direct routes to Stony Stratford | 111 | 96 | 131 |
| Direct routes to Newport Pagnell | 91 | 83 | 154 |

2.5 HIGHWAYS AND ENVIRONMENTAL ISSUES

Opinion of your household about the adequacy of the provision following existing services and facilities in the village/parish:

(408 answered)

Refuse collection services **392 (96%)** suggested they were *good to adequate* & **16 (4%)** said they needed improving

(399 answered)

Standard of repair pavements **274 (69%)** suggested they were *good to adequate* & **125 (31%)** said they *needed improving*

(402 answered)

Standard of repair roads **222 (55%)** suggested they were *good to adequate* & **180 (45%)** said they *needed improving*

(381 answered)

Standard of public footpaths **290 (76%)** suggested they were *good to adequate* & **91 (24%)** said they *needed improving*

(306 answered)

State of bridleways **267 (87%)** suggested they were *good to adequate* & **39 (13%)** said they *needed improving*

(270 answered)

Cycle routes **191 (71%)** suggested they were *good to adequate* & **79 (29%)** said they *needed improving*

(382 answered)

Verge grass cutting/weed control **273 (71%)** suggested it was *good to adequate* & **109 (29%)** said it *needed improving*

(364 answered)

Litter bins **302 (83%)** suggested they were *good to adequate* & **62 (17%)** said they *needed improving*

(336 answered)

Dog waste bins **256 (76%)** suggested they were *good to adequate* & **80 (24%)** said they *needed improving*

(394 answered)

Cleanliness and tidiness in the village **339 (85%)** suggested it was *good to adequate* & **55 (15%)** said it *needed improving*

(373 answered)

Recreational spaces in the village **351 (94%)** suggested they were *good to adequate* & **22 (6%)** said they *needed improving*

(370 answered)

Green spaces and ponds in the village and surrounding areas **349 (94%)** suggested they were *good to adequate* & **21 (6%)** said they *needed improving*

(389 answered)

Parking in the village **157 (40%)** suggested it was *good to adequate* & **232 (60%)** said it *needed improving*

(393 answered)

Traffic calming in and approaching the village **202 (51%)** suggested it was *good to adequate* & **191 (49%)** said it *needed improving*

| | Good | Adequate | Need Improving |
|---|------|----------|----------------|
| Refuse collection services | 332 | 60 | 16 |
| <i>Standard of repair - Pavements</i> | 66 | 208 | 125 |
| <i>Standard of repair – Roads</i> | 34 | 188 | 180 |
| <i>State of public footpaths</i> | 60 | 230 | 91 |
| State of bridleways | 58 | 209 | 39 |
| <i>Cycle routes</i> | 43 | 148 | 79 |
| <i>Verge grass cutting/weed control</i> | 91 | 182 | 109 |

| | | | |
|--|-----|-----|-----|
| | | | |
| Litter bins | 93 | 209 | 62 |
| Dog waste bins | 70 | 186 | 80 |
| Cleanliness and tidiness in the village | 137 | 202 | 55 |
| Recreational spaces in the village | 148 | 203 | 22 |
| Green spaces/ponds in the village and surrounding area | 160 | 189 | 21 |
| <i>Parking in the village</i> | 26 | 131 | 232 |
| <i>Traffic calming in and approaching the village</i> | 45 | 157 | 191 |

| Highways and Environmental Issues which 'Need Improving' | Quotes from residents | Number |
|---|--|--------|
| <p>Standard of repair – Pavements</p> <p>Summary of opinions:</p> <p>With 31% raising concerns about standard of repair – pavements, the main concerns were lack of repair, poor repair, no weed control, length of time without resurfacing, H&S risk to residents.</p> | <p>"Badly in need of repair"</p> <p>"Poor repair"</p> <p>"Overgrown"</p> <p>"Weeds growing from gutters and pavement and in poor repair"</p> <p>"Cracks and potholes need repairing due to cars parked on pavement"</p> <p>"More maintenance"</p> <p>"Some not resurfaced for 10 years"</p> <p>"Tidy up and level"</p> <p>"Cracked and uneven"</p> <p>"Uneven and hazardous"</p> <p>"Uneven danger to elderly people"</p> <p>"Revamp, regular maintenance"</p> <p>"Dreadful"</p> <p>"No repairs done in Hartwell Road for 40 years"</p> | 92 |
| <p>Standard repair of roads</p> <p>Summary of opinions:</p> <p>with 45% raising concerns about the standard of the roads, the main concerns were: roads are left too long for repair allowing for very large potholes throughout the village, the surface quality was poor and attempts to patch up the problem is not sufficient.</p> | <p>"Residents have to wait until roads are very poor to get anything done"</p> <p>"Pot holes need repairing frequently"</p> <p>"Patch repairing does not work"</p> <p>"Too many pot holes"</p> <p>"Should be repaired quarterly and not yearly"</p> <p>"Shocking, it takes months to repair"</p> <p>"The number of pot holes needing mending are increasing"</p> <p>"Poor surfaces"</p> <p>"Huge potholes on all roads in the village"</p> <p>"Very, very bad"</p> <p>"Surface quality, poor patching up is no good"</p> <p>"Basic repair, more needs doing"</p> <p>"Left too long"</p> <p>"Not kept well"</p> | 136 |
| <p>State of public footpaths</p> <p>Summary of opinions:</p> <p>With 24% raising concerns about state of public footpaths, the main concerns were lack of maintenance, danger to residents, vehicle using them as car parks, size and safety & absence of footpaths.</p> | <p>"Poor maintenance, Green End Lane destroyed by horses"</p> <p>"Poor, in need of repair"</p> <p>"Many styles in disrepair, paths overgrown from May to November"</p> <p>"Poor, danger to disabled"</p> <p>"Better signage needed"</p> <p>"Remove parked cars"</p> <p>Maintenance & cleaning needed"</p> <p>"Not wide enough, safety risk"</p> | 73 |

| | | |
|---|--|-----|
| | <p>"No footpaths to Tatenhall End or Wolverton"</p> <p>"Need resurfacing"</p> <p>"Weed care needed"</p> <p>"Nettles issue, brambles and grass should be cut"</p> <p>"Car parks, can't walk on them"</p> | |
| <p>Cycle routes</p> <p>Summary of opinions:</p> <p>With 29% raising concerns about cycle routes, the main concerns were the absence of cycle routes, particular areas which needed resurfacing, developing routes as an alternative mode of travel.</p> | <p>"Between Castlethorpe and Havesham need hard surface, more maintenance to hedges"</p> <p>"Need off road route Salcey Forrest – Castlethorpe, join the redways"</p> <p>"Roads not suitable for cycle clubs"</p> <p>"Non-existent"</p> <p>"Cycle route from Village to Hanslope Park to reduce car use"</p> <p>"Route Hanslope to Hanslope Park needs to be put in, short route fraught with danger"</p> | 43 |
| <p>Verge grass cutting/weed control</p> <p>Summary of opinions:</p> <p>With 29% raising concerns about verge grass cutting/weed control, the main concerns were lack of maintenance & when maintained grass left without clearing.</p> | <p>"Full of weeds, maintain"</p> <p>"Maintain more often"</p> <p>"No weed control, weeds 1 foot high"</p> <p>"Overridden this year"</p> <p>"Mess made every time grass cut"</p> <p>"Cut back more out of the village"</p> <p>"Not cleared, left to blow away"</p> <p>"Not cut regularly"</p> <p>"Not kept well"</p> | 69 |
| <p>Dog Waste</p> <p>Summary of opinions:</p> <p>With 24% raising concerns about dog waste, the main concerns were more bins needed, emptying of bins and residents not using bins.</p> | <p>"More bins are needed"</p> <p>"Regular emptying"</p> <p>"Bins not being used"</p> | 47 |
| <p>Parking in the village</p> <p>Summary of opinions:</p> <p>with 60% raising concerns about parking as a serious issue where bus/large vehicles unable to get through, with vehicles parked both sides of the road, inconsiderate people parking with no regard for pedestrians & other road users. More yellow lines are necessary and signage. Commercial vans should not be parking in residential areas as this causes road safety issues.</p> | <p>"Parking on pavements a real issue"</p> <p>"Inconsiderate people parking with no regard for pedestrians & other road users"</p> <p>"Too many cars, not enough garages"</p> <p>"Not enough off street parking"</p> <p>"Congestion caused by pub/shops Gold Street"</p> <p>"Yellow lines painting at junctions & more signage"</p> <p>"Residents should not park on grass outside houses"</p> <p>"More off road parking required"</p> | 223 |

| | | |
|--|--|-----|
| Residents should not be allowed to park on grass areas outside their properties. Particular areas of concern included: High Street, Western Drive & Gold Street where double parking occurs causing danger to pedestrians | "People should be made to use garages" "School Bus nowhere to park due to parents taking parking" "More shop and surgery parking" "More properties, more cars" "Most households have two cars or more, at least one is on the road" "Commercial vans not parked in residential areas (only car parks), this causes road safety issues" "Build infrastructure before Housing" "Restriction on people parking caravans on drives" | |
| Traffic calming in and approaching the village Summary of opinions: With 60% raising concerns about traffic calming, especially morning traffic with children on route to school is a major concern, crossing road by Eastfield Drive area, speed in areas such as Long Street & Gold Street traffic relentless and dangerous for all pedestrians will result in serious accident. Vehicles are travelling too fast not obeying the speed limit. Hanslope Park travel needs addressing. Less speed humps and more speed cameras and more speed limit signs required to control traffic. | "Put speed cameras in Gold Street" "Traffic calming outside Long Street before serious accident, horses and cyclists vulnerable" "Dangerous, safer without road narrowing" "Parked cars adding to traffic calming issue" "Long Street road, humps are useless" "20 MPH speed limit through village" "Calming measures Castlethorpe Road" "Slowing outside shops" "Restricts traffic flow resulting in long traffic queues" "Speed humps needed" "Hanslope Park traffic needs addressing" "Improve Long Street before a serious accident occurs" "How can we accept more housing when traffic problems out of control" "H&S risk with increased traffic flow" "Children at risk, cars speed outside school" "No calming works" | 185 |

Part 3: PLANNING AND DEVELOPMENT

3.1a What do you value most about living in the village or parish or Hanslope?

Of **417** questionnaires the analysis below is based on the numbers of participants who have answered each question, this includes questions fully & part answered:

Of **367** questionnaires answered, **95% (350)** participants **resident in the village** thought it was **very important** 'Living in a small historic established community', **5% (17)** thought it less important to not important.

| How do you value: | 1 Extremely important | | 2 Very important | | 3 Important | | 4 Less important | | 5 Not important | |
|--|--------------------------|-----|---------------------|-----|----------------|----|---------------------|----|--------------------|----|
| | Number | % | Number | % | Number | % | Number | % | Number | % |
| If you are resident in the village * 'Living in a small historic established community' - and/or | 234 | 64% | 83 | 22% | 33 | 9% | 14 | 4% | 3 | 1% |

Of **368** questionnaires answered, **98% (363)** participants **resident in the village** thought it was **extremely important, very important or important** 'Living in a rural village environment', **2% (5)** thought it less important to not important.

| How do you value: | 1 Extremely important | | 2 Very important | | 3 Important | | 4 Less important | | 5 Not Important | |
|--|--------------------------|-----|---------------------|-----|----------------|----|---------------------|----|--------------------|----|
| | Number | % | Number | % | Number | % | Number | % | Number | % |
| If you are resident in the village * 'Living in a rural village environment?' | 271 | 74% | 68 | 18% | 24 | 6% | 2 | 1% | 3 | 1% |

Of **39** questionnaires answered, **82% (32)** participants **resident in the village** thought it was *extremely important, very important or important* ‘**Living in a smaller rural community in a rural environment with links to the village?**’ **18% (7)** (thought it less important to not important).

| How do you value: | 1 Extremely important | | 2 Very important | | 3 Important | | 4 Less important | | 5 Not important | |
|---|--------------------------|-----|---------------------|-----|----------------|----|---------------------|-----|--------------------|----|
| | Number | % | Number | % | Number | % | Number | % | Number | % |
| If you are resident in one of the surrounding hamlets in the parish*: ‘Living in a smaller rural community in a rural environment with links to the village?’ | 24 | 61% | 7 | 18% | 1 | 3% | 4 | 10% | 3 | 8% |

Of **29** questionnaires answered, **83% (24)** participants **resident in the village** thought it was *extremely important, very important or important* ‘**Living in a smaller rural community in a rural environment with links to the village?**’ **17% (5)** thought it less important to not important.

| How do you value: | 1 Extremely important | | 2 Very important | | 3 Important | | 4 Less important | | 5 Not important | |
|---|--------------------------|-----|---------------------|-----|----------------|-----|---------------------|-----|--------------------|----|
| | Number | % | Number | % | Number | % | Number | % | Number | % |
| If you are resident in other parts of the parish * “Living in a rural environment with links to the village?” | 16 | 55% | 4 | 14% | 4 | 14% | 3 | 10% | 2 | 7% |

Of **306** questionnaires answered, **89% (273)** participants *resident in the village* thought it was *extremely important, very important or important* ‘**Living in a smaller rural community in a rural environment with links to the village?**’ **11% (33)** thought it less important to not important.

| How do you value: | 1 Extremely important | | 2 Very important | | 3 Important | | 4 Less important | | 5 Not important | |
|--|--------------------------|-----|---------------------|-----|----------------|-----|---------------------|----|--------------------|----|
| | Number | % | Number | % | Number | % | Number | % | Number | % |
| And or wherever you reside in the parish * ‘Living in a rural environment but with reasonable proximity to more urban centres and transport links?’ | 152 | 50% | 65 | 21% | 56 | 18% | 27 | 9% | 6 | 2% |

3.1 b If there are other things not covered by the above, that you value most about living in the village or parish of Hanslope, please state these briefly:

Of the **149** participants who responded to question 3.1b, the following areas were identified as '**other things not covered**'. It should be noted that each participant indicated **one to a number of 'other things not covered'** which have been listed in priority of most mentioned.

| Other things not covered values most about living in village/parish of Hanslope | Number |
|---|--------|
| Sense of community, atmosphere, friendliness within village life | 68 |
| Sense of Space - views of the countryside, agricultural land and landmarks (i.e. church) | 58 |
| Value size (just the way it is, rural not urban) | 40 |
| Good balance of Facilities & amenities and access to them (school, shops, post office, church, recreational activities, etc.) | 31 |
| Peace. Quiet and Tranquillity | 27 |
| Feeling of Safety & Security | 15 |
| Conservation of wildlife | 14 |
| Nice walking routes bridleways | 14 |
| Green Belt area to be protected | 11 |
| Traffic issues mentioned - specifically (speed levels, use of village instead of main routes for commuters) | 10 |
| Convenient Commuting - access to road, rail and bus services | 7 |
| History of Village | 4 |
| Manageable traffic flow | 4 |
| Facilities to be improved (small amount of development without compromising rural aspects) | 3 |
| Cycling - Great cycling location | 2 |
| Agricultural Activities | 2 |
| Good School | 2 |
| Allowing school access to students outside village | 1 |

3.2 *How would you describe your attitude to future residential development in the village/parish?*

(417 answered)

| | |
|--|---|
| Reluctant to support any further residential development in the village & or other parts of the parish apart from refurbishment and renewal | Agreeable to see further residential development in the village & or parish dependent on where and what kind |
| 250 | 167 |

Of the number **(167) agreeable** to further residential development in the village & or parish the following observations were made:

| | | |
|--|--|--|
| Did not agree to even more significant residential development nearby the village or in other parts of the parish | Left blank even more significant residential development nearby the village or in other parts of the parish | Agreeable to even more significant residential development nearby the village or in other parts of the parish |
| 110 | 47 | 10 |

With reference to the 110 residents who did not agree to even more significant residential development nearby the village or in other parts of the parish, the majority indicated they were only happy to agree to the following:

- *One or small numbers of houses on available sites*
- *Small estates of 5 to 10 houses on available sites*

3.3 If there is future housing development in the village/parish, what type of housing do you believe is the most important for the Parish Council to support?

Of the **341** survey participants who responded to supporting the development of **1 or 2 bedroom houses**:

- 84% (285) indicated it was very important to important, 16% (56) responded less important to not important.

Of the **286** survey participants who responded to supporting the development of **1 or 2 bedroom flats**:

- 48% (136) indicated very important to important, 52% (150) less important to not important.

Of the **315** survey participants who responded to supporting development of **3 or 4 bedroom houses**:

- 58% (181) indicated very important to important 42% (134) less important to not important.

Of the **283** survey participants who responded to supporting development of **4 or 5+ bedroom houses**:

- 13% (37) indicated very important to important 87% (246) less important to not important.

Of the **309** survey participants who responded to supporting development of **Care facilities**:

- 70% (214) indicated very important to important 30% (95) less important to not important.

Of the **320** survey participants who responded to supporting development of **sheltered houses**:

- 67% (213) indicated very important to important 33% (107) less important to not important.

Of the **290** survey participants who responded to supporting development of **homes with designated office or workshop space**:

- 25% (74) indicated very important to important 75% (216) less important to not important.

| | Very Important | | Important | | Less important | | Not important | |
|--|----------------|-----|-----------|-----|----------------|-----|---------------|-----|
| | Number | % | Number | % | Number | % | Number | % |
| 1 or 2 bed houses | 150 | 44% | 135 | 40% | 28 | 8% | 28 | 8% |
| 1 or 2 bed flats | 66 | 23% | 70 | 25% | 70 | 24% | 80 | 28% |
| 3 or 4 bed houses | 58 | 19% | 123 | 39% | 70 | 22% | 64 | 20% |
| 4 or 5 + bed houses | 16 | 6% | 21 | 7% | 80 | 28% | 166 | 59% |
| Specialist housing e.g: | | | | | | | | |
| Care facilities | 98 | 32% | 116 | 38% | 60 | 19% | 35 | 11% |
| Sheltered housing | 92 | 29% | 121 | 38% | 61 | 19% | 46 | 14% |
| Homes with designated office or workshop space (live/work units) | 15 | 5% | 59 | 20% | 94 | 33% | 122 | 42% |

3.4 National policy requires that all substantial new development should provide a percentage of 'affordable homes' (currently 30%). Do you believe that it is also important that a proportion of any new housing development in the village/parish should also be available for renting or on special schemes?

Of the **337** survey participants who responded to whether they believe it is important that a proportion of any new housing development in the village/parish should be available for **social (council) rental**:

- **62% (209)** indicated very important to important **38% (128)** less important to not important

Of the **336** survey participants who responded to whether they believe it is important that a proportion of any new housing development in the village/parish should be available for **shared ownership**:

- **66% (223)** indicated very important to important **34% (113)** less important to not important

Of the **367** survey participants who responded to whether they believe it is important that a proportion of any new housing development in the village/parish should be available for **within schemes to assist first time buyers**:

- **85% (310)** indicated very important to important **15% (57)** less important to not important

| More accommodation should be made available as: | Very Important | | Important | | Less important | | Not important | |
|---|----------------|-----|-----------|-----|----------------|-----|---------------|-----|
| | Number | % | Number | % | Number | % | Number | % |
| Social (council) rental | 118 | 35% | 91 | 27% | 59 | 18% | 69 | 20% |
| Shared ownership | 99 | 29% | 124 | 37% | 63 | 19% | 50 | 15% |
| Within schemes to assist first time buyers | 172 | 47% | 138 | 38% | 26 | 7% | 31 | 8% |

3.5 With respect to possible future residential housing development in Hanslope, how concerned would you be about each of the following:

Of the **408** survey participants who responded how concerned they would be about **impact on the environment (e.g. flooding, drainage, biodiversity etc)**:

- **95% (389)** indicated greatly concerned to some concern, **5% (19)** indicated not concerned to no particular opinion.

Of the **409** survey participants who responded how concerned they would be about **impact on views in and around the village**:

- **96% (393)** indicated greatly concerned to some concern, **4% (16)** indicated not concerned to no particular opinion.

Of the **410** survey participants who responded how concerned they would be about **increased parking needs**:

- **99% (405)** indicated greatly concerned to some concern, **1% (5)** indicated not concerned to no particular opinion.

Of the **413** survey participants who responded how concerned they would be about **increased traffic and congestion**:

- **98% (405)** indicated greatly concerned to some concern, **2% (8)** indicated not concerned to no particular opinion.

Of the **413** survey participants who responded how concerned they would be about **adequate infrastructure (e.g. schools, roads, water, sewage)**:

- **99% (410)** indicated greatly concerned to some concern, **1% (3)** indicated not concerned to no particular opinion.

Of the **408** survey participants who responded how concerned they would be about **pressure on school places**:

- **94% (381)** indicated greatly concerned to some concern, **6% (27)** indicated not concerned to no particular opinion

Of the **415** survey participants who responded how concerned they would be about **pressure on the doctors' surgery**:

- **99% (408)** indicated greatly concerned to some concern, **1% (7)** indicated not concerned to no particular opinion.

| | Greatly concerned | | Some concern | | Not concerned | | No particular opinion | |
|--|-------------------|-----|--------------|-----|---------------|----|-----------------------|----|
| | Number | % | Number | % | Number | % | Number | % |
| Impact on the environment (e.g. flooding, drainage, biodiversity etc.) | 323 | 79% | 66 | 16% | 16 | 4% | 3 | 1% |
| Impact on views in and around the village | 313 | 76% | 80 | 20% | 16 | 4% | 0 | 0% |
| Increased parking needs | 341 | 83% | 64 | 16% | 5 | 1% | 0 | 0% |
| Increased traffic and congestion | 372 | 90% | 33 | 8% | 8 | 2% | 0 | 0% |
| Adequate infrastructure (e.g. schools, roads, water, sewage) | 376 | 91% | 34 | 8% | 2 | 1% | 1 | 0% |
| Pressure on school places | 308 | 76% | 73 | 18% | 14 | 3% | 13 | 3% |
| Pressure on the doctors surgery | 359 | 87% | 49 | 12% | 6 | 1% | 1 | 0% |

3.6 Hanslope is primarily a rural community, but in addition to the employment provided on the farms and on the other rural facilities in the parish, the shops/pubs in the village, and also Hanslope Park, there are a number of other largely small commercial enterprises that also provide important employment opportunities (located on such as farm diversification units).

Of the **362** survey participants who responded to 3.6 a):

- **83% (301)** agree there is enough commercial development and related units within the **village envelope** and no more major development should be supported, **17% (61)** do not agree

Of the **331** survey participants who responded to 3.6 a):

- **78% (259)** agree there is enough commercial development and related units in **other parts of the parish** and no more major development should be supported, **22% (72)** do not agree.

c) Depending on where and how developed, commercial development should be supported within the village envelope or in other parts of the parish (e.g. using redundant farm buildings) to sustain the community and expand employment opportunities:

Of the **338** survey participants who responded to 3.6 c):

- **84% (284)** agree **for the reasonable expansion of existing businesses**, **16% (54)** do not agree

Of the **344** survey participants who responded to 3.6 c):

- **87% (300)** agree **for new small local start-up businesses**, **13% (44)** do not agree

Of the **327** survey participants who responded to 3.6 c):

- **62% (202)** agree **for small incoming established businesses.**, **38% (125)** do not agree

Of the **207** survey participants who responded to 3.6 c):

- **14% (29)** agree **for large incoming established businesses**, **86% (178)** do not agree

| Our view is that: | AGREE | | DO NOT AGREE | |
|---|---------|-----|--------------|-----|
| | Numbers | % | Numbers | % |
| a) There is enough commercial development and related units within the village envelope and no more major development should be supported. | 301 | 83% | 61 | 17% |

| | | | | |
|--|-----|-----|-----|-----|
| b) There is enough commercial development and related units in other parts of the parish and no more major development should be supported. | 259 | 78% | 72 | 22% |
| c) Depending on where and how developed, commercial development should be supported within the village envelope or in other parts of the parish (e.g. using redundant farm buildings) to sustain the community and expand employment opportunities: | | | | |
| <i>For the reasonable expansion of existing businesses.</i> | 284 | 84% | 54 | 16% |
| <i>For new small local start-up businesses.</i> | 300 | 87% | 44 | 13% |
| <i>For small incoming established businesses.</i> | 202 | 62% | 125 | 38% |
| <i>For large incoming established businesses.</i> | 29 | 14% | 178 | 86% |
