

Our Business Ethos

is to consistency deliver remarkable service and value to our customers at all time.

Our teak collection is put together with these in mind.

All the wooden furniture comes to you direct from our factory ensuring our delivery of quality and value to your customers.

Benefits of Teak Garden Furniture.

The strength and durability of teak wood enables it to be left outside without treatment throughout the year.

We would however point out that the timber will mature and fade into a light silvery grey colour.

OUR COMMITMENT

All our Teak Wood is harvested from government controlled plantation in Asia. Emmanuel Products also has its own plantation which will benefit further harvesting of teak trees.

A sign of quality
